

# **MO's CAR STUFF, Est. 1999**

**MAURICE W. HALL:** Accredited Appraiser

**EDUCATION:** B. E. Engineering, University of Saskatchewan 1966, P. Eng. 1968.

**QUALIFICATIONS:** An accredited charter member of the Specialty Vehicle Appraisal Institute of Alberta (SVAIA) and past member of the Board of Directors of the SVAIA.

See: <http://www.svai.ca>

## **EXPERIENCE and PERSONAL INTERESTS:**

I have been a member of local rod and custom car clubs and the Antique Automobile Association as well as national associations such as the the Canadian Street Rod Association (CSRA), the National Street Rod Association (NSRA), Goodguys Rod and Custom Association, and the Early V8 Club of America.

In 1997, I was inducted into The Saskatchewan Motorsports Hall of Fame, for my "continuing efforts to preserve Saskatchewan Hot Rodding". This was largely based on my work on Saskatchewan's vehicle regulations, particularly those for "modified vintage vehicles".

I have now been a member of the Majestics Car Club of Regina for 38 years and am currently a member of two Car Clubs in Arizona during the winter.

I am the Government Liaison for the SAACC (Saskatchewan Association of Automobile Clubs Corporation), responsible for monitoring all issues related to insurance and government regulations.

Over the years, I have personally completed frame-up restorations and built several ground-up Street Rods. I currently own about 20 original and modified vintage vehicles from parts to fully completed vehicles.

## **APPRAISAL BASIS:**

I have an extensive collection of information on old vehicles such as price guides, trade publications and standard Catalogs, as well as personal knowledge of many local transactions and the cost of modifying or restoring vehicles.

I subscribe or have access to many auto related publications, which provide a current view of the market and the value of special interest vehicles.

I have also worked as a judge at many car shows over the years, particularly in the area of street rods, antique and classic cars, where the winners were determined by ranking the quality of the different areas of the vehicle such as undercarriage, paint, upholstery etc.

I have also attended numerous car events all over Canada and the USA as well as two Australian Street Rod Nationals, in Sydney Australia.

For the last ten years, I have attended the Barrett/Jackson Auction in Scottsdale Arizona, as well as other auctions in the Phoenix area such as the Russo and Steele, Silver and ICA auctions, to view the collector vehicles first hand and see the prices they demand.
